WORK EXPERIENCE

Bison Interests LLC

Summer Analyst, Hedge Fund (Energy)

Houston, TX

June 2017 – August 2017

- Worked extensively with fund managers and E&P specialists to conduct due diligence and valuation modeling on publicly traded, small-cap, upstream equities on the New York and Toronto Stock Exchanges
- Facilitated the development of the fund's largest position to date in Cardinal Energy Ltd. (CJ.TO)
- Collaborated with sell-side analysts to compile data on upstream equities in the Montney Shale
- Wrote and presented thoroughly researched investment theses for over 18 positions to fund investors and partners

Tudor, Pickering, Holt, & Co.

Boot Camp Participant, Energy Investment Banking

Houston, TX

August 2017

- Constructed a 40 page buy-side pitch deck on an Oilfield Services company in a group of 5 team members
- Used FactSet and Thomson One to conduct thorough financial and qualitative analysis on company and created detailed graphs/charts to depict trends and arguments for acquisition recommendation
- Created complex models using valuation methods such as Discount Cash Flow, Net Asset Value, and Transaction/Trading Comparable Companies to determine value of company against those of peer companies

ZT Wealth

Intern, Private Equity and Insurance

Houston, TX

June 2016 – August 2016

- Attended pre/post-development meetings to help structure fundraising deals for the creation of healthcare networks and emergency centers across Houston
- Handled licensing for insurance and sales for multiple US states for Altus Health's insurance plans
- Worked with Vice President of Private Equity at investor meetings with doctors and healthcare officials

LEADERSHIP EXPERIENCE

Rice Undergraduate Investment Fund

Senior Analyst, Energy Sector

Houston, TX

February 2017 – Present

- Collaborate with portfolio team to determine when to buy/sell stocks and analyze effectiveness of fund's models
- Create stock pitch proposals and present extensively researched reports to the board for investment
- Utilize discount cash flow, market multiples, comparable companies/transactions, net asset value, and other models to predict stock valuations, time horizons, and returns on investments

Rice FinTech Club

Co-Founder, Vice President

Houston, TX

August 2017 – Present

- Develop relations through networking events with fintech industry leaders such as Citadel and Two Sigma
- Design curriculum for quantitative finance, algorithmic trading, and financial technology for club members
- Plan and host financial technology hackathon at Rice for universities across the country with company sponsors

Rice Business Society
